**2017 DATES:**  
**JULY 14-16**

## FROM THE EVENT MANAGER

ED BUCZESKIE

Landy's '65 Dodge and Butch Leal's California Flash '65 Plymouth. That was also the year that Bill "Maverick" Golden did a wheel stand in the Little Red Wagon right in front of the grandstand!

Though it started small, it was actually the success of the Chrysler show that paved the way for the Ford and GM shows to be added to the Carlisle schedule (Ford in 1995 and GM in 2001). The passion of the Mopar faithful has kept this show growing to the point where the last two years both set Showfield records and by the end of this weekend, we should have a new one! I can't stress enough that the success of this show is thanks to each and every one of YOU who attend and support it.

We're right in the middle of a lot of cool 50th anniversaries in the Mopar hobby. As a result, we will be celebrating the GTX and R/T next year as they each hit the half century mark. There will also be a special display of the wildest color of the muscle car era, FM3, better known as Panther Pink and Moulin Rouge. It will all be topped off with 100 Years of Dodge Trucks. Join us on July 14-16, 2017.

I want to dedicate this year's show to my dad who passed away just days before last year's event. It was the most difficult time of my life but thanks to my family, the great team here at Carlisle Events and my Mopar family (you guys!), I managed to get through it. Even though he wasn't a car guy himself, my dad always supported my love of cars and encouraged me to pursue my dreams. Thanks Dad!!

**RICHARD PETTY**

## RICHARD PETTY

PRESENTED BY THE N.E. HEMI OWNERS ASSN.

***Meet this NASCAR Legend and seven-time Winston Cup Champion!***

Thanks to a partnership with the Northeast Hemi Owners Association, we are pleased to welcome Richard Petty, once again, to Carlisle. Petty and his former crew chief and fellow NASCAR Hall of Famer Dale Inman will be here Saturday 1-3 p.m. to sign autographs. Both will be located in the Petty's Garage booth on the Midway and will sign and pose for photos with guests - at no additional charge. Don't miss out on meeting a true living legend!

## CATHERINE BACH

Meet "Daisy Duke" of the TV show, Dukes of Hazzard. Catherine Bach played the role of Bo and Luke Duke's cousin on the CBS smash hit throughout the run of the show and continues to work in Hollywood today. Bach has appeared in films and TV programs, including 1974's "The Midnight Man" alongside Hollywood icon Burt Lancaster. Other credits include "The Love Boat," "Cannon Ball Run II," "African Skies" and, most recently, "Chapman." Fans of the new Hawaii Five-O program on CBS may have seen her during a 2015 episode as a wedding planner and Bach has also lent her name to a clothing line, CB by Catherine Bach. Apparel available includes jeans, skirts, shirts and the famed cut-offs known as Daisy Dukes.

Your first autograph of an item brought to the event will be free, with additional items and autographs for sale. All price points past the initial autograph are at the discretion of Bach. Look for the Dukes Tent on Row IC.

## RICK HURST

Meet "Cletus Hogg" of the TV show, Dukes of Hazzard. Rick Hurst played the role of Hazzard County lawman and right hand to Roscoe and Boss Hogg during 47 of the 147-episode series. With TV credits dating back to 1971 and as recently as 2012, Hurst has appeared on programs like M\*A\*S\*H, Melrose Place, 227, CHiPs, Kojak, Sanford and Son, Gunsmoke, the Partridge Family and more. Big screen credits include Karate Kid III, Return of the Killer Shrews, Suckers, Anywhere but Here and more.

Your first autograph of an item brought to the event will be free, with additional items and autographs for sale. All price points past the initial autograph are at the discretion of Hurst. He will be located in the Dukes Tent on Row IC.

## RACHEL DEBARROS

We are pleased to welcome Rachel DeBarros co-host of the

Velocity Channel TV show, All Girls Garage. She has been a cast member of the show since 2015. DeBarros is a car enthusiast with a preference for Mopars. Her talents and experience have taken her across the country and then some, plus her background in marketing combined with her degree from the Automotive Training & Repair Program at the Philadelphia Automotive Training School has helped her succeed at every turn. See her in Building T. Autograph times on pages 28-29.

## THE RAMCHARGERS

In 1959 a group of engineers from Chrysler Corporation began to participate in the nation's new craze called "drag racing." They started with a 1949 Plymouth business coupe named "The High and Mighty." By 1960 they created the team name "Ramchargers." The Ramchargers were named after the "long-horn" intake manifold that powered the early Chrysler 300 series. In 1963 they became nationally famous with

two factory-sponsored team cars, each using an automatic transmission. Nicknamed "Candymatic," the cars were white with seven candy-apple red stripes on the top and trunk deck, along with the name Ramchargers on each side.

We are pleased to welcome back the Mopar Hall of Famers. They will be based in the Mopar Hall of Fame/Autograph Tent (near the Midway) and making an appearance in the Dodge booth on the Midway Friday 11 a.m. to noon. Ramchargers members scheduled to attend include Al Adam, Mike Buckel, Tom Coddington, Dick Jones, Dave Rockwell and John Wehrly.

## THE GOLDEN COMMANDOS

The Golden Commandos were engineers, technicians and mechanics of Chrysler Corporation. In 1962 they began racing in Super Stock under the Plymouth banner. By 1964 they were running the new lightweight Race Hemis and became the first to break into the 11s. For 1965 they built an altered wheelbase Plymouth which won the unlimited class at Super Stock Magazine's meet in York, PA.

Another car the Golden Commandos built in 1965 was a

Barracuda called the "Goldfish." It was powered by a 273 and was a successful car in its own right, breaking the AHRA F Stock record its first time out. In 1967 they campaigned their first true, flip top Funny Car called the "Dune Buggy."

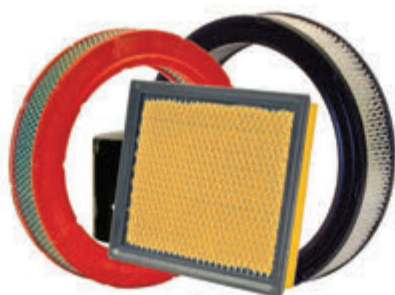

We are honored the Mopar Hall of Fame Golden Commandos have joined us again this year. Scheduled to attend are Warren Anderson, Tim Baker, Evan Ericson, Jim Hall, Forrest Pitcock and Troy Simonsen.

# **DODGE CHARGER – 50TH ANNIVERSARY** LOCATED IN BUILDING T

The Charger is certainly a big deal in the Mopar world and it's well respected within the car hobby in general. The fact that it turned 50 this year is not only worth celebrating but we thought it was important to do it right. To commemorate this milestone, we're offering a limited edition 1:64 scale diecast Charger.

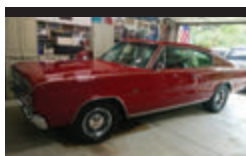

We teamed up with the folks at M2 to create a Charger to honor the legendary Dodge B-Body. The special 50th anniversary logo was created by our own wizard of graphic arts, Andrew Welsh. **The cars are available in the Carlisle Store located in Building T** for just \$12 each (plus sales tax). The production run was limited to just 600 pieces that will be available to the public. Be sure to get yours today before they're all gone!

# INVITATIONAL DISPLAY: MOPAR SURVIVORS UNRESTORED ORIGINAL VEHICLES

One of the most impressive displays at the show each year is the Mopar Survivors presented by Mel Major. Mel works all year to bring you a variety of Mopars that have never been restored, retain a minimum of 85% of their originality and are at least 25 years old. These cars and trucks are as close as we'll ever get to traveling back in time to see exactly how they looked when they were new.

Restored vehicles are great but they are always a compromise compared to a true original. They are usually over-restored, have incorrect parts or finishes, etc. With Survivors, we get to see exactly how they came off the line. Many of the cars have great stories and some just happened to be owned by meticulous people.

Regardless of each vehicle's circumstances, Mel brings us some of the best original Mopars in the country. Be sure to check them out in the big tent near the Guest Services building (see map in the centerfold). Thank you to Mel and the crew for another incredible display of Mopar Survivors!

## SEMINARS

TIMES & LOCATIONS ON PAGES 28-29

### THE LIVES I'VE LIVED

Bob "Turk" Tarozzi is probably best known for his involvement in Chrysler's Trans Am efforts but he's done so much more. He recently chronicled his career into a book called "The Lives I've Lived" which covers more than just his efforts with Chrysler. Bob also spent time with Hurst, AMC, Keith Black and more. His racing endeavors include NHRA, NASCAR, SCCA, Off Road, motorcycles and even some experimentation with F1. Bob will talk about his book and share his personal stories with you in this seminar.

### DODGE CHARGERS AND MUSCLE CAR VALUE TRENDS

The Charger is celebrating 50 years so it's getting a lot of attention right now but the truth is it's always been one of the most popular muscle cars. However, values of late have been all over the board and trying to follow them can be overwhelming. For the folks at AAG, following and understanding classic car values is what they do. Join Larry Batton for a discussion of Charger values as well as other Mopar muscle cars based on recent sales data and trends.

### 1965 - 1978 C-BODY VALUE TRENDS

C-Bodies are increasing in demand for a variety of reasons. For some it's a sheer love of the size and styling. For others, they are an affordable alternative to the traditional muscle cars. Regardless, they're getting more popular but many people have no idea what they are worth so trying to buy one, especially your first one, can be a daunting task. Larry Batton and the crew at AAG have done the homework for you in this seminar. If you're thinking about buying or selling a full-size Mopar, this is for you.

### RAMCHARGERS REMEMBERED: TOM HOOVER & JIM THORNTON

Sit in with Al Adam, Mike Buckel, Tom Coddington, Dick Jones, Dave Rockwell and John Wehrly of the original Ramchargers as they share pictures and stories of two of the members who spearheaded Chrysler past the likes of Ford, GM and Toyota. Both of these great men were there from the 1950s and the days of "product testing" on Woodward Avenue and the Hemi glory days all the way through Dodge's last NASCAR Championship.

### WAR STORIES FROM THE '60S & '70S

For years, Herb McCandless has come to Carlisle and given seminars on performance engines covering all of the traditional engines. More recently, he's been touting the virtues of the late model Hemis. This year, Herb is going to spend his time telling you his personal experiences and stories from back in the day. He has lived an incredible life and this is your opportunity to hear the stories directly from this legendary man. Herb will also welcome your questions that you've always wanted to ask.

### DYNO DEVELOPMENT OF THE 426 HEMI

Forrest Pitcock will lead the other Golden Commandos, including Warren Anderson, Tim Baker, Evan Ericson, Jim Hall and Troy Simonsen in a discussion of the legendary 426 Hemi. This seminar will focus on the development of the engine in the dyno room. In addition to being a member of the Golden Commandos, Forrest was also a dyno operator for Chrysler where he worked on the Max Wedge and the Hemi. His time in the dyno room required him to work on a variety of race engines from drag to circle track and even boats.

### LATE MODEL HEMI PERFORMANCE

Dave Weber is the owner of Modern Muscle Xtreme. They are known as the shop for just about anything performance related for the late model Hemi, including Hellcats. Whether it be mods to your factory equipped 3rd Gen Hemi or you're looking to swap one into your classic Mopar, these are the guys you need to see. Dave and crew will be talking about the potential of these great engines and help you make the power that you're looking for.

### HEMI & LANDY BOOK DISCUSSION

Automotive journalist, photographer, former editor of Mopar Enthusiast and all-around Mopar fan, Geoff Stunkard has taken his extensive knowledge and research and shared them with the public in his recent books. Geoff will share his stories and give you an inside look of what it took to create these works. Carlisle will be the first opportunity for anyone to purchase Geoff's book on Dick Landy, hot off the presses. Geoff's other recent work, "HEMI: A History of Chrysler's Iconic V-8 in Competition" will also be available for purchase directly from the author.

RICHARD, DAVID AND BILL

## Reunited After Nearly 4 Decades

By Sarah Burkarth, Carlisle Events Social Media Coordinator

For many, receiving a Dodge Challenger R/T as a birthday gift is unimaginable. Lucky Richard Morrison acquired that Challenger in 1970 as just a high school student, with the intention of it being a “college motivator” from his father, Bill. Bill purchased the car in 1970 from its original owner, and it has been in the Morrison family ever since.

Richard drove the Challenger throughout high school, and even took it to his senior prom. That very night, the car received a “treatment” that has stuck with it even after all these years. A disgruntled female classmate of Richard’s wrote the word “sucker” on the hood of his Challenger in shaving cream.

In 1975 Richard headed off to college and the car was parked in the family garage, only taken out on occasion by his father Bill. The Challenger had remained at Bill’s Pennsylvania home because Richard is now living in Texas and is unable to care for the car as he travels frequently for work. Richard made the trip back to Pennsylvania one decade ago to visit family, and came to the Carlisle Chrysler Nationals that summer with his father. While there, the pair heard about a man named Dave Ferro, the owner of Totally Auto Mopar Restoration Shop. It was not until 10 years later that Richard and Bill finally decided to contact the restoration shop, with the hopes of Dave Ferro helping that Challenger that

had been parked in a garage since 1975.

Come July 2014, Richard’s car had been restored yet left completely original and was ready for its debut at Carlisle Chrysler Nationals. By completely original, I do mean that the shaving cream incident from senior prom is still visible. “It gives the car personality,” said Richard.

He had the opportunity to drive his car for the first time in 39 years and recalls it was a “very emotional drive.” “I will never sell this car, I plan to give it to my daughter when the time comes,” Richard stated.

Be on the lookout for a 1970 Dodge Challenger R/T this weekend with a friendly message written on the hood!

## SHAROL "MA MOPAR" BECKER

September 23, 1955 – December 23, 2015

Sharol grew up with a love of Mopar from her dad. She learned to drive in a 1970 Plymouth Sport Fury GT with a 440. She loved going to all Mopar events. Carlisle was her favorite, which she attended 23 out of 24 years. Last year she attended despite chemo and radiation. She also had no problem working on the Mopars with her partner, Randy Hulshart. She owned many Mopars throughout her lifetime. Sharol's favorite was her 1972 'Cuda with a 413 Wedge that she bought at Carlisle in the Car Corral in 1993. Sharol lost her battle with cancer on December 23, 2015. She will be missed by the Mopar community.

# The Future In Reproduction Parts

By Sarah Burkarth, Carlisle Events Social Media Coordinator

Vans Auto was created by a chance of fate in 1995. Tom Zietlow and Duane Schneider met at a swap meet in Wisconsin and bonded over a shared interest in Mopars. They took their knowledge of Chrysler vehicles and began buying and selling parts together on EBay.

While searching through a salvage yard for parts they could flip, the pair learned that the salvage yard would soon be put up for sale. While Tom and Duane had no previous intention of buying a yard, this seemed like the perfect business move. Five months later the salvage yard containing 3,000 vehicles now belonged to Tom and Duane.

After attempting to sell parts from those old cars with not much luck, the duo sadly realized there may not be a future for them in the used parts business. By a stroke of good fortune, Tom came across a box of reproduction parts which he then flipped on EBay faster than any of his used parts. Vans Auto was officially underway with a new line of reproduction parts for sale in 2004, which included parts for the '63-'66 Mopars. In 2005 Vans Auto graduated from the old salvage yard to a two-level warehouse that stocks and ships reproduction parts globally. Duane's wife and son now work for the

company, along with Tom and six other employees.

Their inventory now includes parts for most 1957-1976 Mopar classics including mirrors, armrests, bumpers, emblems, fuel tanks, door handles, gauges, headliners, interiors and just about anything else you can think of. Vans Auto travels 13 hours on the road once a year for Carlisle Chrysler Nationals with a semi and a 40' trailer full of parts. After attending for six years now, Tom and Duane can confidently say they do their best business at Carlisle...twice the amount of sales compared to other automotive events!

SATURDAY AT 7:30 PM IN CAMP HILL, PA

THE BLUES BROTHERS' DODGE

THE MISSILE GROUP

RICHARD SIAS

DELLA WOODS

BILL HANCOCK

ROBERT TAROZZI

THE JOHN PETRIE RACING TEAM

2016 marks Mopar Collector's Guide's Fifth Annual Mopar Hall of Fame event. It is held Saturday at the Camp Hill Radisson, starting at 7:30 p.m. Seating is limited to only 300 and tickets can be purchased at the various Mopar Collector's Guide displays at the show (D 86-89, G 91-92, Q 20).

Join us in celebrating the induction of The Blues Brothers' Dodge, Bill Hancock, Richard Sias, Della Woods, The Missile Group, Robert Tarozzi and The John Petrie Racing Team.

## DELLA WOODS

Della Woods could be called the grand matriarch of female funny car drivers because she was the only one to drive in four decades, the sixties, the seventies, eighties, and the early nineties. Della started out in a converted Chrysler Super Stock Polara with her brother, Bernie Woods, to form the "Bernella" racing team. A Charger funny car was built to replace their Polara in 1968. The new car became, perhaps, Della's most famous funny car. The full size Charger, dubbed "The Funny Honey," was a match racing sensation.

Della was successful at match racing throughout the early seventies, and then she retired from drag racing the first time. She married and came back to racing in 1981. Della took a couple of years to get her feet wet in the old "Fighting Irish" Trans Am, the only non-Mopar of her career, and in an '82 Charger. Della became a success on the national event level when she ran 5.80s in 1986. She suffered a serious wreck at the end of the year, however. A new car was built, and became her final AA/FC. Della Woods made infrequent appearances until the early nineties in a beautiful Dodge Daytona, running a 5.79 best.

## THE MISSILE GROUP

Following in the footsteps of the famed Dodge Ramchargers group and Plymouth's Golden Commandos, along came a group of Chrysler engineers and drag enthusiasts who dubbed themselves "The Missile Group" in 1971. With Pro Stock racing just getting started, and Chrysler walking away from most major racing sponsorships, these guys banded together to form "The

Missile Group" and built a total of three cars to test and experiment with theories on Pro Stock Racing – thus the famed "Mopar Missile" cars were born. There were three original Missiles, the '70/'71 Challenger, a 1972' Cuda, and finally, a '72/'73 Duster. The original group consisted of Tom Coddington, Ted Spehar, Joe Pappas, Dick Oldfield, Al Adam, and Ron Killen. When Chrysler abandoned their Pro Stock efforts altogether in 1974, the group was dissolved and the Missile was sold to its famed driver, Don Carlton.

## ROBERT TAROZZI

Robert Tarozzi may not be a household name among Mopar enthusiasts, but he very well should be. One of Tom Hoover's favorite engineers, it was Tarozzi who pioneered and developed the 1968 Hemi Super Stock Barracudas and Darts, even handling the driving chores for the famed orange/white test mule '68 Hemi Barracuda. He then developed and largely engineered the '69 Charger 500 NASCAR test mule. Leaving Chrysler, officially anyway, "Turk" as he

was generally known, continued to work with trans am racing, working on the 1970 Chrysler Trans Am series cars; the AAR 'Cuda and the T/A Challengers, and then he achieved perhaps his largest claim-to-fame. In 1970 he contracted with Chrysler to do all their development work with Keith Black Racing Engines, and Tarozzi designed and built the immortal 426-style Hemi Keith Black Top Fuel engine as used in funny cars and Fuelers to this very day.

## **RICHARD SIAS**

Richard Sias was one of the "dream team" styling engineers within Dodge's ranks during the golden era of the muscle car years. Sias began his career in design at GM, and in 1964, he was lured away by Dodge Division styling manager Charles Mitchell. Sias initially worked on the A-body platform, designing details and trim pieces for those cars, but all the while he was working on a complete car model they dubbed the "double diamond" because it was rather wasp waisted and somewhat Coke bottle shaped. Bill Brownlie, chief stylist at Dodge, reportedly didn't like the odd-shaped car, but everyone else did. So much so that when Brownlie went on a European trip in 1965, Mitchell hurriedly pushed Sias into the B-body group to see if they could get the design to work on the Coronet platform, Chrysler vice-president of design Elwood Engel fell in love with the concept, added a flip top racing-style gas cap to its design, and by the time Brownlie returned, everyone involved had fallen in love with Sias's new design, which was approved for production in the summer of 1965 as a 1968 model. That car ended up being the 1968-1970 Dodge Charger; one of the most iconic and unique

designs of the entire muscle car era.

## **BILL HANCOCK**

One of Chrysler's premier racing engineers, Bill worked for Chrysler Corporation for just over ten years, perhaps most importantly on their aero war NASCAR program.

Bill grew up in Virginia racing cars. He went to Vanderbilt, where he got a degree in mechanical engineering while building and driving a series of drag cars. He was recruited out of college by Chrysler, who moved him to Detroit. He soon found himself in what he called "the job of a lifetime," working in the Chrysler Race Group as a NASCAR engineer. Later, Bill also worked on the short track Kit Car programs of the early seventies. Bill was also selected to manage the vehicle testing area, where he was responsible for testing and race track development of Chrysler's racing programs. These programs ranged from desert racing trucks, NHRA & IHRA Pro Stock and Super Stock, Formula 5000, and of course NASCAR and USAC stock cars. During this time, he spent time at most of the major race tracks around the country.

In the off season, Bill was a speaker at the Chrysler Drag Racing seminar series, which took him all over the country. The race group was disbanded in 1979, and that same year, he formed Arrow Racing Engines and soon began doing engine development work for Chrysler all over again!

## **JOHN PETRIE**

John Petrie is very much Canada's version of the legendary late Ronnie Sox. Beginning his racing career in 1961 with a 1959 Sport Fury which he campaigned in D/SA. In 1965, his fame up north was cemented when he was hired

by the legendary Bob Herron or Argyle Dodge Performance Center to drive their famed '65 Hemi Coronet, the "Argyle Highlander" as a Top Stock and A/FX car. After a brief flirtation with Mercury, Petrie returned to Chrysler with a huge factory deal from Chrysler Canada in 1969, racing a Hemi Super Bee for Dodge and a Hemi GTX convertible for Plymouth! He also began his appearances at countless Dodge/Plymouth Super Car Clinics hosted at dealerships, coast-to-coast, which he continued to do through 1972. Petrie ended his racing career in 1972, driving both a Pro Stock Duster and 'Cuda that year. Logging perhaps more mileage than any other racer of the era, John Petrie's famous red, white, and blue cars were symbolic of Chrysler performance throughout Canada.

## **THE BLUES BROTHERS' "BLUESMOBILE" DODGE**

One of the most unlikely Dodge "hero" cars of all time, the black-and-white 1974 Dodge Monaco police car used in the original 1980 movie "The Blues Brothers" with Dan Ackroyd and the late John Belushi, has become one of the most recognized Dodges in movie history. All told, the movie used no fewer than thirteen 1974 Dodge Monacos to portray the "Bluesmobile" – all of which were reportedly legit police interceptor cars purchased used from the California Highway Patrol by the production company, with the remaining Monacos and Royal Monacos used by the "real" police in the film largely coming from Chicago and Illinois police departments. It's believed only one of the original thirteen Bluesmobile Dodge Monacos still exists, although like the General Lee Charger, it remains one of the most copied celebrity Mopars of all time.

It's no secret that American car values have been on the move over the past few years, both up and down. It pays for buyers, sellers and owners to know exactly what's going on in the marketplace at any given time, and that information is exactly what American Car Collector magazine does best. Each issue of ACC contains more than 100 market reports on individual cars that have appeared at auction, with published sold prices highlighted by on-site evaluations that cover condition, originality and options. Not only do we tell you what a car sold for, we help you understand why. Every issue also includes in-depth profiles on cars from GM, Ford and Mopar, joined by Hot Rod, Race Car, Corvette and Truck. Whether you have one car or 20, ACC has the information that'll keep you on top of what's happening in the American collector-car world.
