Celebrating 50 Years of Carlisle Events at Corvettes at Carlisle 2024

Carlisle Events co-founder Chip Miller's love of Corvettes launched the company's first specialty event in 1982; Corvettes at Carlisle. We've had the honor of hosting every Corvette Chief Engineer, a large number of Chevrolet's Corvette engineers, Corvette dignitaries, restorers, customizers, race car drivers, numerous Corvette parts and accessory vendors, and every year and style of Corvette. Have you ever wondered why your park is called the Fun Field instead of a Showfield? It was Chip's vision of a non-judged, laid-back gathering of like-minded Corvette enthusiasts that inspired the Fun Field name in 1991. In his own words, "make new friends and have fun, fun fun!"

About Corvettes at Carlisle

- The first Corvette show, in 1982, started less than two weeks after Carlisle Events (known as The Flea Marketeers then) held the first of three Carlisle Fairs they planned.
- Beginning in 1982, the York County Corvette Club has managed the NCCC (National Council of Corvette Clubs) Judged Showfield, an option for attendees who want their Corvette judged.
- The first Challenge Car Reunion was held in 1990 and again in 1995, 2000, 2005, 2009, 2014, 2019, and is featured in 2024.
- 1990 was the first year of the Chip's Choice Display in which all the Corvettes were personally chosen by Chip Miller. Chip's son Lance continued this tradition beginning in 2004 after Chip passed away.
- The NCRS (National Corvette Restorers Society) Gallery display began in 2001 and continues to showcase a spectacular collection of Corvettes
- There has been a 50th Anniversary Display of Corvettes since 2002 when Chip's 1953 Roadster and 2003 50th Anniversary Edition were bookends for the 103-car display.
- In 2002 a fully restored 1953 Corvette was auctioned with proceeds benefitting Kyle Petty's Victory Junction Gang. The project known as the Restoration Celebration was a collaboration between Carlisle Events, Classic Corvettes & Collectables, and Classic Car Restoration & Service Center. NASCAR's Richard Petty attended the auction and the car sold for \$170,000.
- Corvettes have been parked in the shape of an American Flag in 2008, 2010, 2015, 2018, and 2023.
- A number of special gatherings have been featured including: Callaway Cars, Solid Axles, ZR-1s, Grand Sports, Race Cars, C2s, and more.

A mentor once compared life to a roll of toilet paper: the closer to the end, the faster it goes. The older I get, the more this rings true. It feels like I just wrote last year's Lance's Corner, and now here I am with the 2024 version.

First, THANK YOU for joining us at this year's Corvettes at Carlisle! Lance's Corner is a personal reflection I share annually.

This year flew by, but we made sure to savor every moment. Family time is always paramount for Michele and me. Our daughter Ella, now 15, has excelled as both an athlete and a scholar. She qualified for the New Balance Nationals in Boston for the 60 meter and Sprint Medley relay with the Ocean City (NJ) Raider's Track Team. We joked about traveling to watch her run for less than a minute, but it turned into a memorable family trip. Ella performed admirably and is already training hard to qualify again next year.

Ella also loves volleyball, which is a joy to watch. Michele and I are incredibly proud of her. If you see her (a young redhead) at the fairgrounds, feel free to say hello!

On the car front, I added a 2019 ZR1 to my collection. It's a one-year-run, manual model, modified just the way I like it. Speaking of ZR1's, for 2025 we will be featuring them during Corvettes at Carlisle!

LANCE & ELLA MILLER

I also fulfilled a long-time dream by acquiring the Sony #11 Corvette Challenge Car, now on display along with other Corvette Challenge Cars for the 35th Anniversary of the series. It's a thrill to share this piece of Chevrolet history and to welcome the series' drivers and team owners to this event.

As you explore the grounds, be sure to visit the many vendors. They are the heartbeat of our event. Check out the schedule and special displays, and consider downloading the Carlisle Events App for a tech-friendly guide.

Don't miss Chip's Choice featuring "Mean" Corvettes, the impressive NCRS Gallery, or the 1974 50th Anniversary display. Special thanks to Tim Raisner, Frank Stech, and Joe Clemente for their dedication to these exhibits.

Jodi Morrison, the event manager, and I work hard to ensure a fantastic experience for everyone at Corvettes at Carlisle. We appreciate your support and welcome your feedback at CarlisleEvents.com to help us improve each year.

Thank you for being part of the world's best Corvette event! Life is good.

Based on Facebook likes of the photo of their car, the contestants were narrowed down to the top three from each of those months, nine in all. During the event, Fun Field participants may cast their vote for the winner of the contest. Votes will be collected from 7 AM Thursday through noon on Friday. On Friday afternoon the nine finalists will park in front of the stage and the top three winners will be announced. Each winner receives a cash prize and trophy and the Best In Show gets one set of Aerolarri Wheels (any Monoblock or up to \$3,000), a reserved parking spot for 2025, and an article in the 2025 event guide.

Engine Rev Tribute

Saturday at noon, we invite you to start your Corvette, rev the engine and make the ground tremble for 15 seconds as tribute to Chip Miller. 2024 marks 20 years since we've lost the Corvettes at Carlisle Founder and dear friend so it's time to make some noise in true Corvette fashion. The engine rev will be followed by a brief moment of silence in honor of Chip and all of our lost Corvette loved ones. Please join us in this very special tradition.

Fun Field

AEROLARRI

SPONSORED BY AEROLARRI

Chip Miller founded Corvettes at Carlisle on the premise that everyone is invited to come here and have fun - not take themselves or their Corvettes too seriously, that's why the showfield is named Fun Field and this year, it's sponsored by Aerolarri.

Corvette Parking Areas

- There are some Fun Field areas reserved for club parking until 9 AM, but after that, the Fun Field is open parking for registered Corvettes. There are signs placed at the boundaries of each club parking area.
- **Reserved Fun Field and Chip's Circle**
Spaces in these areas are each reserved for a specific Corvette during the entire event.
- All 2012 **Carlisle Blue** Corvettes get free Fun Field registration and a reserved parking area as shown on the map.

Celebrity Choice Awards & Winners Parade

All Fun Field, NCCC, Reserved FF, and Chip's Choice participants are eligible for a Celebrity Choice Award. Celebrity Judges make their choices beginning Friday at 1 PM to Saturday at 1 PM. Additionally, Coker Tire will be awarding the Best Wide Whitewall award to an exceptional Corvette featuring one of their wide whitewall brands at the show.

Celebrity Choice awards are to be picked up at Guest Services after 3 PM Friday or after 2 PM Saturday.

Winners who want to participate in the Winners Parade on Saturday at 4 PM must pick up their awards before 3 PM Saturday.

ABOUT CHIP MILLER

CHIP MILLER

Chip Miller was known worldwide for his resilient positive attitude, his passion for Corvettes, his tremendous personal Corvette collection and for creating the grandest Corvette event anywhere on the planet — Corvettes at Carlisle. In December 2003, Chip was diagnosed with a little-known disease called Amyloidosis. Sadly, due to complications from the Amyloidosis, the world lost an incredibly special human being on March 25, 2004. Had Chip and his doctors been aware of the symptoms of the disease when they first presented, this legend might still be with us today.

OUR MISSION

The mission of the Chip Miller Amyloidosis Foundation (CMAF) is to empower people with the knowledge and understanding of Amyloidosis for earlier detection, ensuring a better quality of life for those afflicted with the disease and to help science find the cures.

WAYS TO SUPPORT CMAF

Your support of CMAF is greatly appreciated. Some ways you can contribute during Corvettes at Carlisle are listed below. Please visit our website, chipmiller.org, for additional fundraising events that take place throughout the year.

Mean Machines

Chip's Choice is an annual display showcased in Building T and presented in memory of and in tribute to our late company co-founder and NCM Hall of Famer, Chip Miller. Chip began this tradition in 1990 when he hand-selected the special vehicles. Chip's son, Lance Miller continues his father's tradition in selection of the vehicles. This year's theme is "Mean Corvettes."

Every now and then you

look in your rearview mirror and there is a grimacing front splitter, a low-slung, aggressive design and a large rear wing headed straight for you, encouraging you to get out of the way. Many Corvette owners thrive on creating this road-dominating look. By adding a few choice features such as a teathy front grill or aerodynamic features they create a true force of which to be reckoned. See these "mean" machines in Building T.

CORVETTE CHALLENGE CAR REUNION

SOME CORVETTES AT CARLISLE CHALLENGE SERIES REUNIONS (CLOCKWISE FROM TOP LEFT) 1990, 2009, 1995

The late 1980's Corvette was thriving with its high horsepower V8 engines, aerodynamic body, and rigid suspension. In the Sports Car Club of America's (SCCA) Showroom Stock GT category, Corvette had no challengers. Corvette's combination of superior handling, excellent brakes, sticky Goodyear "Gatorback" VR50 tires, and the Small Block V8's power and torque ran away and hid from its Showroom Stock competition.

In racing, dominance by a single marquee is a promoter's worst nightmare. Porsche, Lotus, and many other competitors couldn't touch the Corvette. By 1987 competing manufacturers were ready to withdraw their support for one of SCCA's most successful and high-visibility series. SCCA responded by removing Corvette from the approved list of competitors for 1988. Big dogs, however, like to run in packs and that's what the Corvette racers, under the leadership of John Powell, did. Powell was a successful Corvette racer, operator of one of Canada's leading competition driving schools and creator of the Player's Cup, a Canadian series for Camaros and Firebirds. He quickly gathered support from the Corvette drivers and entrants and proposed a one-make series to

the SCCA to highlight Corvette's popularity with both entrants and fans.

Powell envisioned having the Corvette Challenge teams compete for an enormous and unheard-of purse at the time of \$1,000,000. With one million dollars at stake, the competition would be fierce. Fierce it was! There were some big guns coming to the Corvette Challenge races for a good reason. The spec series became an instant hit with spectators and teams alike. This all-new series allowed the spectators to see some incredible and very competitive driving at various racing venues.

Key to the success of the Corvette Challenge was early backing from Mid America Designs which created the impetus that helped bring Goodyear and Exxon on board.

The groundswell of interest convinced GM to give its blessing and to facilitate development by creating a limited series of uniquely configured Corvettes to participate. These few Corvette Challenge racers are the rarest and most desirable Corvettes from the period.

For two years the Corvette Challenge Series provided exciting and close racing that highlighted the power and handling of essentially stock Corvettes in the hands of talented and motivated drivers at important races across North America. Its success and fan involvement were such that ESPN broadcast the full 1989 Corvette Challenge season to an enthusiastic audience, standing on its own as exciting racing.

Corvettes at Carlisle is honored to have the opportunity to highlight this incredible piece of Corvette history. This year's display brings together both an amazing collection of 88-89 Challenge Series Corvettes as well as the drivers that made this series so exciting to watch.

See the cars, meet the drivers AND watch them come together on the track as we host Challenge Series Exhibition events throughout the weekend. This will be one for the record books!

2024's 50-year throwback takes us back to 1974; a pretty significant year for Carlisle Events as well as the eighth year of C3 Corvette production. With our 1974 gallery on full display during this year's event, we are taking a look back at some significant happenings from that year.

There are still nine more years of the C3 and going forward there will be many more changes, but for '74, let's highlight what was new. A new rear bumper system replaced the squared tail and chrome rear blades first introduced in 1967. In fact, there were subtle re-designs of the rear end overall, giving it a more up-to-date look. More back-end changes included tailpipes that now turn down since the new bumper cover eliminated the tailpipe extensions. There were a few engine options for '74s, including the L48, L82, and LS4. The L48 offered 195 HP, the L82 was a more beefy 250 HP, while the LS4 offered 270 HP.

Someone was doing something right because in March of 1986, Hot Rod Magazine selected the 1973-74 Corvette LS4 454 as one of the "10 most collectible muscle cars."

Some other happenings of note in 1974:

- President Nixon enacts a 55 MPH national speed limit and later in the year he resigned
- Happy Days premieres on ABC
- Good Times premieres on CBS
- The first UPC code is scanned

- Patty Hearst was kidnapped by a terrorist group
- Mel Brooks releases Blazing Saddles, a satirical Western comedy
- Chinese farmers find a hidden chamber of life-sized terra cotta warriors
- Hank Arron hits his 715th home run, topping the previous mark of 714 held by Babe Ruth
- The Cleveland Indians baseball team hosts 10-cent beer night.
- All the President's Men published – authors Woodward and Bernstein detail the Watergate scandal
- Neal Peart officially joins Canadian rock band Rush as their drummer
- Evil Knievel attempted to jump across the Snake River Canyon in Idaho
- Little House on the Prairie premieres
- Post War '74 takes place (now known as Fall Carlisle)
- Muhammad Ali defeated George Foreman in the famed "Rumble in the Jungle" boxing match
- First message sent to space by scientists
- Musically speaking, The Way We Were by Barbra Streisand was tops on the year-end charts, followed by Terry Jacks' Seasons in the Sun. Godfather Part II drew great numbers during the final weeks of the year and into 1975, and in the sports world, the Oakland A's won the World Series, while the Miami Dolphins won Super Bowl VIII in January of '74.

The Delaware Valley Chapter of the NCRS and Corvettes at Carlisle are excited about this year's spectacular collection of Corvettes. The National Corvette Restorers Society Gallery XXIII is a great place to meet Corvette enthusiasts and to learn about the NCRS organization. This is our 23rd year and our dream lives on. We hope you enjoy this year's collection.

The NCRS Gallery is located in the big white tent next to Building R, between gates 2 and 3. This is one of the most outstanding collections of Corvettes we have ever put together.

The NCRS Gallery is an invitational collection of Corvettes of merit which exemplify what the NCRS is all about. Carlisle Events sponsors the Delaware Valley Chapter of the NCRS to present this annual event. It provides a deeper insight into the purpose of the NCRS, which is the preservation, restoration and enjoyment of Corvettes produced from 1953 - 2007.

The NCRS Gallery XXIII exhibit is extraordinary and a "MUST-SEE" collection of great Corvettes, which includes, but is not limited to, a 1953 white Duntov award winning convertible, a pristine Saddle Tan 1963 split window coupe. It comes to us from Canada and is a several time "Top Flight Award" winner, as well as a beautiful Glen Green 1965, "Top Flight Award" winner, we also have a 1995 Corvette Indy Pace car that has received a "Top Flight award". (Track car #118) These represent some of the NCRS judging classes and award recipients in this year's display.

AMERICA'S CORVETTE DEALER

WORLD'S LARGEST ALLOCATION OF NEW CORVETTES

When Gregg Ciocca sold his first car out of his mother's garage in the 1970's, he could have never imagined what the future would bring...namely, another chapter in the great American story. With the help of some lifelong friends, Gregg opened his first pre-owned auto lot in 1980 and never looked back. Then in 1993, Ciocca Ford in Quakertown ushered in the new car facet in the business. One by one, Ciocca Dealerships started opening their doors throughout Pennsylvania and New Jersey, resulting in successful careers for thousands of friends and neighbors in the

process. "I've always had a passion for cars," Gregg has been known to say. "This is what I always wanted to do, and to be able to make people happy along the way...what can be better than that!" Today, Ciocca Automotive consists of a remarkable 54 dealerships featuring 25 unique brands, as well as 18 collision centers. Gregg's three sons have also taken an active role in the business, making Ciocca Automotive truly one of the largest family-run dealer groups in America.

Melissa Ocampo 2023 Corvettes at Carlisle People's Choice Best of Show Winner Driven by Aerolarri Wheels

By Isabella Leone, Carlisle Events

Each year at Corvettes at Carlisle we display a select group of Corvette owners who have made it to the finals of the "Aerolarri People's Choice - Best in Show" Contest presented by Aerolarri Wheels. This is a contest that starts online in May and transitions to in person at Corvettes at Carlisle in August. The most recent winner in 2023 was Melissa Ocampo.

Melissia is from Dover, Delaware where she currently works as an Operations Manager for Environmental Services at a hospital. She has been happily married to her husband Ceasar, who she met in the Air Force, for 32 years. Both served as Military Police. In addition, she has three children and two grandchildren. Love of cars runs in her family, as her grandson even has his own play Corvette.

Her interest in cars began as a child, as her father used to take her to car shows and demolition derbies. She grew up watching him fix and own cars and that early exposure fostered a love for fast cars. Not long after her brother purchased a 2000 Corvette, she was motivated to get her own. Her goal was to purchase her first Corvette by the time she turned 50 and she accomplished that goal.

Her first Corvette was a 1999 red base model, but unfortunately it had electrical issues. This led to her purchasing the winning car, a 2008 Corvette. She has plans to eventually get a C7.

Melissa is passionate about her car and is proud each time she gets a chance to show it off! She submitted her Corvette for the "Aerolarri People's Choice- Best in Show" Contest as another opportunity to display her hard work.

Her creative color scheme and hood liner is attributed to her love for the "day of the dead" and its artwork. Her personalized license plate, "VettGr1", adds to the vehicle's uniqueness and further displays her passion for the car.

She was skeptical if her car had what it took to win the contest but was happily surprised to take home the prize and title.

Melissa has been visiting Corvettes at Carlisle since 2017 and has made it a yearly visit. She enjoys the opportunity to talk with others who share her

love for Corvettes, meeting new people, and a chance to display the car she loves.

Along with the prestigious title of the "Aerolarri People's Choice- Best in Show," Melissa also won a new set of Aerolarri Wheels. She chose the Aerolarri Squadron Wheels in stealth black and mentioned during our chat that people always point out the custom engraving of her achievement of "People's Choice- Best in Show 2023" that adorns the wheels. Melissa Ocampo's victory in the "Aerolarri People's Choice - Best in Show" contest highlights her love for Corvettes and her dedication to showcasing her prized vehicle.

Up next, learning to drive a stick shift!
