The Corvette Team did it again! The Grand Sport has become a beloved tradition for the brand, and the launch of the all-new one looks like a major success. As you walk around the show, you can't miss the incredible display of Grand Sports everywhere. We're even showcasing real 1963 Grand Sports in the flesh! A huge thank you to all the owners who brought their amazing cars to help make this reunion special.

We're also celebrating 250 years of America in true Corvette style — don't miss the spectacular American flag formed entirely out of Corvettes on Friday. It's a stunning patriotic tribute that captures everything we love about this community and our country.

I try to make Lance's Corner personal and I always enjoy sharing about my daughter, Ella. She's heading into her senior year of high school — where has the time gone?! We've been traveling around the country scouting colleges. Ella has had an outstanding high school career with eight school records as a sprinter, and Michele and I are incredibly proud of her. We're excited to see where she decides to go to college. With her senior year ahead, Michele and I are starting to think about our empty-nester chapter — I'm definitely pushing for warmer weather!

ELLA & LANCE MILLER

This year's Chip's Choice highlights the relationships behind the vehicles. The cars are stunning, of course, but the stories behind them are what it's really all about. Be sure to read about these Corvettes and talk to the owners directly — you'll understand why when you talk to them.

Be sure to visit the vendors — they're the heart of the event. Download the Carlisle Events App on your phone for a handy guide, and check out the full schedule, the NCRS

Gallery, the 1976 50th Anniversary display, the Grand Sport Reunion, and the NCCC judged field. Big thanks to Hutch, Tim Raisner, Frank Stech, Maureen Waller, J.D. Purvis, and Joe Clemente for all their hard work.

Jodi Morrison and I pour our hearts into making Corvettes at Carlisle the best it can be. Your support means everything to us and we'd love your feedback so we can make next year even better. Please visit CarlisleEvents.com and complete the survey on the Corvette page.

Thanks for making this the world's greatest Corvette event!

Life is good,

Lance Miller

PEOPLE'S CHOICE BEST IN SHOW CONTEST

DRIVEN BY AEROLARRI

In May, June and July registered Fun Field participants had the opportunity to apply to be part of this contest. Based on Facebook likes of the photo of their car, the contestants were narrowed down to the top three from each of those months, nine in all. During the event, Fun Field participants may cast their vote for the winner of the contest. Votes will be collected from 7 a.m. Thursday through 12 p.m. on Friday. On Friday afternoon the top three finalists, based on participant voting, will be invited to the stage and the 2026 Best in Show winner will be announced. Each winner receives a cash prize and trophy and the Best In Show gets \$777 towards a set of Aerolarri Wheels and a reserved parking spot for 2027.

NEW! MR CORVETTE CONTEST

SPONSORED BY APPALACHIAN RUNNING COMPANY

Special thanks to Bill Davis for bringing this good-natured contest to life. Bill has become popular on social media for portraying the stereotypical Corvette owner, complete with extra-crispy white sneakers, jorts, a tucked-in polo shirt, and an immense joy for talking about his Corvette. We're looking for any man (or woman) who embraces this lifestyle and has a great sense of humor. Contestants will take a short runway walk, answer a few humorous questions, and strike their best confidence pose. A second award, The Twin Package, will go to the man (or woman) whose outfit best matches their Corvette—not just coordinating, but full twinning mode, with a look that's a closer match than the dealership's paint sample board. Sign up at Guest Services to participate, or cast your vote in the Grandstand Saturday at 11 a.m.

CORVETTE PARADE, PARK & PARTY

IN PARTNERSHIP WITH THE DOWNTOWN CARLISLE ASSOCIATION

Join the fun where hundreds of Corvettes drive to the square and park on the street then owners socialize and explore local shops and restaurants. Stop by Guest Services for a Carlisle street map. (Pitt St. from the Carlisle Expo Center to High St.)

If you pre-registered for the parade, you must check in with the Downtown Carlisle Association in the Guest Services building to get your credentials. If you didn't pre-register, inquire with the DCA in Guest Services about availability, limited to 500 Corvettes. To participate in the parade, your vehicle must be registered for the event (i.e. must have an event windshield sticker) and you must have your parade placard.

FUN FIELD

FAMILY LEGACY

Chip's Choice is an annual display that was started in 1990 by our late company co-founder and NCM Hall of Famer, Chip Miller. Chip hand-selected Corvettes for the display every year. Chip's son, Lance Miller, continues his father's tradition and chose the theme of Family Legacy for 2026.

The Corvettes in this year's display carry not just automotive history, but family history. They have been cherished, maintained, and passed down through generations, representing memories, milestones, and bonds. Corvettes have always represented the American dream, but family legacy Corvettes represent something even deeper—the dreams we pass along to those we love.

CHIP'S CHOICE #450
1960 CORVETTE
ETHAN GRAY

My father bought it in 1963 as his very first car. By the time I was seven, I was at his side, learning, helping, and building memories in the garage. Together, we restored it in 1994 and again in 2024. Now a resto-mod, it stands as a tribute to our shared passion, preserving the past while embracing the present.

CHIP'S CHOICE #452
1964 CORVETTE
KENNETH JELLEY

I bought this Corvette in 1965 in my father's name because I was only 18 years old and unable to secure financing. While serving in the Air Force, ownership was officially transferred to me in 1967, but the car has remained in our family's possession ever since.

CHIP'S CHOICE #454
1971 CORVETTE
ROBERT PIYRLIS

In the 1970s and 1980s my dad owned a Corvette restoration shop before answering a different calling and entering the ministry. After retiring, he decided he wanted to take on one final Corvette project—a special father-and-son build. Together, we fully restored this Corvette, turning wrenches and sharing stories.

1963 CORVETTE
JENNIFER STEFANIK

This 1963 was gifted to my uncle upon his return home from service in the Army. He drove it daily for many years and even raced it. More than six decades later, this car remains a treasured symbol of our family's history, honoring both a veteran's homecoming and the generations who have preserved its legacy.

CHIP'S CHOICE #453
1967 CORVETTE
KEITH BRODBECK

When I was just five years old my dad brought home this Corvette with a vision. Together, over the next 14 years, we restored it to NCRS standards. That restoration lead to four more cars and countless shared memories. What started in a garage became a tradition, a passion, and a lasting legacy between father and son.

CHIP'S CHOICE #455
1971 CORVETTE
KIM GUYER

This Corvette was purchased new by my brother, a decorated Vietnam veteran, when I was in tenth grade. It has just 12,500 original miles and matching numbers throughout. Following his passing in 2024, I was honored to acquire it from his estate. It has been refreshed with genuine GM parts and still wears its original paint.

CHIP'S CHOICE #457
1973 CORVETTE
KENNETH RASCHEN

In 2016, my son and I found a 1973 Corvette that mirrored one I owned in 1975. Together, we brought it back to life, working side by side on every mechanical detail.

CHIP'S CHOICE #458
1989 CORVETTE
CHRIS CHESSNOE

Purchased new when I was 16 years old, it was made possible through years of saving, determination, and the unwavering support of my mother. I worked tirelessly to save \$16,000, and my mom proudly helped with the remaining \$12,000 to make the dream a reality. It's a legacy we built together.

CHIP'S CHOICE #460
2003 CORVETTE
CHRISSY SHUSTER

In 2003 my dad brought home this Corvette and a year later he made his first trip to Corvettes at Carlisle. In 2009 I joined him and the trip became our tradition. In 2024 my dad passed. I now arrive here without him beside me, but, in so many ways he still is.

CHIP'S CHOICE #461
2009 CORVETTE
STEPHEN LOSI

My dad made me a promise I would never forget: if I earned an appointment to a Service Academy he would buy me a brand-new Corvette upon graduation. I graduated from the United States Merchant Marine Academy at Kings Point in 2009 and became the proud original owner of this Corvette.

CHIP'S CHOICE #459
1999 CORVETTE
MATT ANGELO

In 2001, my dad bought this 6,000-mile 1999 hardtop from the original owner. We spent every summer I was home from school going to countless shows across the Mid-Atlantic. This car was our way of connecting while working on it together.

CHIP'S CHOICE #456
1971 CORVETTE
ROCCO BALDINO JR

Purchased new by my dad, this 1971 Stingray acquired most of its 22,000 original miles before 1981. Over the years, my dad and I took it to shows across the country. I lost him in 2021. My daughter and I honor him by bringing it to Carlisle.

GRAND SPORT 30TH ANNIVERSARY DISPLAY

ROWS IJ, IK & IL

Corvettes at Carlisle is proud to welcome three significant Grand Sport Corvettes — the legendary 1963 Chassis #001, 1963 Chassis #004 and 1996 Chassis #001. These three will serve as the centerpiece of our 30th Anniversary Grand Sport Celebration. From their groundbreaking engineering to their remarkable racing heritage, Chassis #001 and #004 represent the innovation, performance, and passion that continue to define the Grand Sport legacy. Don't miss your chance to see these extraordinary Corvettes up close during this once-in-a-generation celebration. Find them at the Grand Sport Registry on Rows IJ and IK.

1963 GRAND SPORT #001
Harry Yeaggy

The first Grand Sport ever built, #001 is one of the most legendary Corvettes. Conceived by Corvette Chief Engineer Zora Arkus-Duntov as the prototype for Chevrolet's Grand Sport racing program, #001 survived General Motors' infamous racing ban when Duntov secretly preserved the completed cars rather than destroying them. The car was transformed into a roadster and raced by Roger Penske at the 1966 12 Hours of Sebring. Today, meticulously restored to its famed Penske/Sunoco configuration and owned by renowned collector Harry Yeaggy, Grand Sport #001 remains one of the most valuable and historically significant Corvettes ever built.

1963 GRAND SPORT #004
Revs Institute

Another one of the most historically significant Grand Sports ever built, #004 currently resides at the renowned Revs Institute in Naples, Florida. Although assigned serial number four, it was the very first Grand Sport to compete in competition, earning the model's first-ever race victory when Dr. Dick Thompson drove it to victory at the Glen Classic at Watkins Glen in August 1963. After returning to the factory for further development, #004 joined Mecom Racing and helped dominate the 1963 Nassau Speed Week before being prepared for endurance racing, including the famed 12 Hours of Sebring.

1996 GRAND SPORT #001
Maureen Waller

As the first Grand Sport produced in Chevrolet's exclusive run of just 1,000, #001 marked the return of the legendary Grand Sport name. Finished in its unmistakable Admiral Blue paint with a wide Arctic White center stripe and signature red fender hash marks, it was powered by the one-year-only 330-horsepower LT4 engine, making it the ultimate performance version of the final C4 Corvette. Even more significant, Grand Sport #001 served as an engineering and validation vehicle during development before becoming the personal car of Corvette engineer and racer John Heinricy, one of the driving forces behind bringing the Grand Sport back to life.

These Grand Sports are on display in the tent on Row IL.

The 1976 Corvette, part of the legendary C3 generation, reflected the changing times while delivering unmistakable Corvette character. As America celebrated its 200th birthday during the Bicentennial, patriotic pride was everywhere—from parades and fireworks to red, white, and blue celebrations across the country—and the Corvette remained an enduring symbol of American performance and style.

The T-top coupe reigned supreme in 1976, featuring lighter fiberglass floor panels that replaced steel to reduce both cabin heat and weight. Under the hood, the dependable 350 cubic-inch V8 was available with either a 4-speed manual or automatic transmission. Styling refinements included a revised hood, improved sound insulation, and comfortable high-back bucket seats, creating a sports car

that balanced performance with everyday drivability during a time of changing automotive regulations.

Beyond the driver's seat, 1976 was a memorable year in American culture. "Silly Love Songs" by Wings topped the radio charts, moviegoers packed theaters to see Rocky, and families gathered around their televisions for popular shows like Happy Days and Charlie's Angels. It was a year filled with optimism, celebration, and iconic moments—and cruising in a new Corvette perfectly captured the spirit of the era.

Five decades later, the 1976 Corvette remains a cherished piece of American automotive history, representing the resilience, innovation, and unmistakable style that have made Corvette an icon for generations.

2025 NCRS GALLERY

The Delaware Valley Chapter of the NCRS and Corvettes at Carlisle are proud to celebrate the 25th Anniversary of the NCRS Gallery. Over the past quarter century, more than 400 exceptional Corvettes have been showcased as part of this popular invitational display. The NCRS Gallery XXV exemplifies the mission of the National Corvette Restorers Society—preserving, restoring, and enjoying Corvettes produced from 1953 through 2007. The Gallery also offers enthusiasts the opportunity to learn more about the organization, its judging process, and its commitment to Corvette history and authenticity.

Located in the large white tent next to Building R, this year's Gallery is one of the finest collections we have ever assembled. Featured vehicles include a stunning 1960 Cascade Green Convertible—one of only 140 produced in this one-year-only color—a pristine Daytona Blue 1963 Split Window Coupe, an exceptionally rare Silverstone Silver 1968 L88 Convertible, and a 2004 LeMans Blue Commemorative Edition Z06 that has earned multiple NCRS awards. These and many other outstanding Corvettes represent several NCRS judging classes and showcase Corvette preservation and restoration.

If you're already an NCRS member and your Corvette has successfully completed Flight Judging, we encourage you to complete a Gallery application—available in the Driveline publication—for consideration in future displays. Your Corvette could become part of this prestigious annual tradition.

We hope you enjoy this year's collection and join us in celebrating 25 years of NCRS excellence.

Carlisle Events extends our heartfelt appreciation to Frank Stech for his years of commitment, and to Tim Raisner for faithfully continuing the legacy of his late wife, Elaine Raisner, whose passion and vision helped make this extraordinary exhibit a cherished tradition. Thank you to everyone who has contributed to making the NCRS Gallery an enduring highlight of Corvettes at Carlisle.

ROBERT JANKOWSKI: Winner of the 2025 Corvettes at Carlisle People's Choice Contest Driven by Aerolarri Wheels

Written By: Rachael Deffenbaugh, Carlisle Events

Each August in Carlisle, thousands of Corvettes converge on the Carlisle PA Fairgrounds for a car show known as Corvettes at Carlisle. Guests and cars span generations, and all come together to celebrate their beloved Corvette.

One such celebration is the popular Aerolarri Wheels People's Choice – Best in Show contest, which is exclusive to Corvette owners. When you look around the Fun Field, you will see thousands of Corvettes, but only a select few decide to participate in the online contest. The contest is conducted through social media with three different submission windows: one in May, one in June, and another in July. The top three highest-voted Corvettes from each submission window move on to the finals, which take place live during Corvettes at Carlisle. The winner of the 2025 People's Choice contest, as voted on by showgoers last year, was Robert Jankowski.

When you think about Carlisle Events, you might think of a car show, a fun time, or a hobby, but for Robert Jankowski, it is a family affair. Robert is 41, and his love of cars was passed down through the generations. It started with his grandfather, passed down to his dad, then to Robert, and now to his six-year-old son, Landon.

Robert graduated high school in 2003, and there was an older gentleman who lived near the school with a red C5 Z06 parked in front of his house. Robert promised himself that when he turned 18, he would own that same C5 Z06. Fast-forward to today, and he has the car he always dreamed about, modified exactly to his liking. He stated, "Pretty much every nut and bolt has been taken off and put back on the car." It is supercharged, has a blower cam, and a methanol injection system. Robert has been coming to Corvettes at Carlisle for 20 years,

ROBERT AND LANDON JANKOWSKI

and this is his fifth year bringing this particular car.

When Landon was an infant, he would always play with his dad's red C5 Z06 die-cast model, taking a microfiber cloth and wiping it down while making the car go "vroom, vroom." As soon as Robert started working on his Corvette in the garage, Landon would run out and want to watch and help. Once Robert learned they made Power Wheels cars for kids, he immediately knew he needed to find one and modify it to match his own car, a highly modified, supercharged C5 Z06.

Robert entered his red 2003 Corvette Z06 and his son's matching replica car during the second submission window after missing the first. He was ecstatic to learn he had won. This car has previously been featured in Building T as part of Chip's Choice, but this was the first time he had won anything alongside his son. Robert described the feeling as surreal, admitting he became choked up when he received the news. "Not many people win this award and are able to say they won it with their son," he said, adding that being able to share the moment with Landon made it even more rewarding. Brianna, Robert's

wife, said she loves coming to the shows because "it is amazing to see the smile on Robert's face and how excited Landon gets when they win trophies or banners."

For winning the 2025 People's Choice, Robert was awarded a trophy, a reserved spot on the 2026 Fun Field, a cash prize of \$250, and a \$500 gift card toward a set of Aerolarri Wheels. While he has not spent the prize money yet, he mentioned that he has already purchased a go-kart for Landon to graduate to. Corvettes at Carlisle 2026 will mark the final outing for the current Power Wheels car, after which it will hang on the garage wall. Modifying the go-kart is the next project Robert and Landon will tackle together.

According to Robert, Landon is a little too fearless behind the wheel. They have a driving simulator on a computer at home that Landon enjoys playing. So, if you see him around during the show, watch out for the little speedster. Robert and Landon's cars will have a special parking spot this year, and they'll no doubt be looking on as the 2026 finalists take center stage this weekend!
